73-77: Repeat rows 1 through 5, bind off, but do not cut yarn. With right sides together, slip stitch the center back seam with a size C crochet hook. If you want crochet straps, do not cut yarn; turn camisole so you are working across the top.

To crochet straps, pull the camisole top onto the doll and mark the points in front and back where you want the straps to be. Crochet evenly to the first point at the back; sc in the side of the last sc, then (ch1, sc in the side of the previous sc) 10 times for the first strap (for a skinnier strap, just ch12). skip

the rows under the arm and sc in the next marked point at the front of the camisole and sc evenly to the next marked point, repeat instructions for straps, skip rows under the arm, sc in the last marked point and sc evenly to the first sc. Join and finish off.

Or, you can knit straps and sew them on or leave the camisole as a tube top.

The camisoles can make great bodices for a knit or fabric skirt, or for rompers. You can make them any length you want. Enjoy!!
