Crochet Bleuette Dresses using the Camisole Bodice  
baw 7-17-2012

*Two dresses, one long waisted with crochet skirt, the other short waisted and with a fabric skirt. Both variations made from the camisole bodice.*

Materials:
- Size 10 crochet cotton, in main color and contrasting colors, if desired.
- Size 6 steel hook
- Five 1/4 inch buttons

Rib = two sc rows.

Gauge: 8 sc = 1 inch

Special Stitches:

Love Knot stitch(lk): begin with a sc, then *pull up long loop on hook to measure 3/8”, yo, pull through loop , sc in the back strand of the long loop. Pull up a second long loop, yo, pull through loop, sc in the back strand of this long loop. Skip next st, sc in the next st. Repeat from * across. *These instructions from Annie's Crochet Stitch Dictionary*

Knot stitch: begin with a sc, *then pull up long loop on hook to measure 3/8”, yo, pull through loop , sc in the back strand of the long loop.

If you like, you can substitute a simple ch3 lace stitch for the love knot lace. I'd work two or three rows of this to give a nice lacy look.

BLO = back loops only.

Link Stitch = ch3, dc in the third ch from the hook (one link made), ch3, dc in the third ch from the hook (two links made). Work as many links as called for in the pattern. The link has a ch3 side and a dc side.

Bodice is worked side to side instead of top to bottom. If making up in main and contrasting color stripes, work two rows of first color, then two rows of the second color. Carry the colors behind the work and don't cut thread after each color change. Makes for a lot less work in working loose ends in.

If you like, you can use a contrasting color to work (sl st, ch1) trim around the neckline and around the last row of each sleeve.

At this point, your bodice could be a cute summer top. Paired with the pantaloons as shorts, it makes a cute crop top. But we are going to add a fabric skirt, which is a simple and easy way to make a dress for your Bleuette.

Fabric skirt preparation:

Cut a piece of fabric 5” by 14” to 18”, depending on how full you want the skirt to be. With a sewing machine, narrow zig-zag stitch all around the fabric to keep the edges from raveling. With a hot iron, dampen the lower edge of the fabric and press up 3/4” for the hem (be careful not to burn your fingers!). Press under 1/4” on the short sides of the fabric.

Sew two rows of gathering stitches along the top edge of the fabric, 1/8” and 1/4” inch from the edge, using a long sewing machine stitch.

After you have finished crocheting the dress bodice, gather up the top edge of the skirt fabric and fit it to the lower edge of the bodice. Overlap the bottom edge of the bodice over the top edge of the skirt, and hand sew the skirt to the bodice using a backstitch, make sure the line of gathering stitches doesn't show below the bottom of the bodice. I use the crochet cotton I made the bodice with to do the hand sewing; it is almost invisible.

After sewing the skirt to the bodice, go back and tack the top edge of the skirt to the bodice to help it to lie flat.

Hand sew up the back seam of the skirt, leaving about one inch open at the top of the skirt.

Hand sew the hem of the skirt. I like to use a decorative featherstitch for this, but a blind stitch will work as well.

Sew four 1/4 inch buttons to the back of the bodice, and you're done!
