How to make the curls

Make enough curls to fit the entire wig cap. You may want to pin them to the cap as you go.

Ch 21

Row 1 Sl st in 2nd ch from hook, sc in next ch, hdc in next ch, 2 dc in next 14 ch, hdc in next ch, sc in next ch, sl in last ch. Fasten off.

Finishing

Pin curls in spirals onto the wig base. Overlap curls and arrange them to completely cover the wig base. Sew each curl to the wig starting at the inner part of the curl and working outward. You can weave in ends or tie them inside of the wig cap since it will be sewn to the dolls head and all of those ends will be hidden.

Note: If you have a favorite rose crochet pattern, you can use your own flower pattern to make a curly wig.
